

UNESCO Creative Cities in the United Kingdom

UNESCO Creative Cities work towards the mission of placing creativity and cultural industries at the core of their urban development to make their cities safe, resilient, inclusive and sustainable.

The 13 UNESCO Creative Cities in the UK have placed imagination and creative talent at the heart of their strategy for local economic and social development. Each city is accredited in one of seven creative fields: Crafts & Folk Art, Design, Film, Gastronomy, Literature, Media Arts, or Music.

The UK's Creative Cities form part of a global UNESCO Creative Cities Network (UCCN) first established in 2004, that includes more than 350 cities spanning over 100 countries.
